

LEAD TECH

LT710

small character inkjet printer

LT710 is specifically designed to meet basic coding and production applications across a wide range of industries.

Designed to meet the market demand for high-quality and reliable printing. It provides an extremely user-friendly interface and is noted for improving production efficiency and offering cost savings.

Easy to use

Easy-to-use system operation. Short training time.
Integrated design to simplify replacement of parts and make it recover rapidly from downtime.

Excellent stability

Integrated ink-control system to meet a variety of work environments and the speeds of precise font print.
Can still print after long prolonged shutdown.

Design advantages

Ultra-quiet operation that reduces noise pollution in the workplace.
IP 55 dust-proof.

Intelligent cartridge

Intelligent ink cartridge and solvent system, which has default alarm if inserting cartridges wrongly.
High-performance inks are designed for current applications and production environment.
Efficient use of consumables to achieve cost savings.

The innovation of nozzle

The new automatic cleaning function effectively reduces the nozzle clogging, allowing the printer to run longer.
Advanced coding efficiency.
Personalized human-machine interface and one-click auto switch.

LT710

small character inkjet printer

Printing Performance

1-3 lines (7X7matrix)
1-4 lines (5X5matrix)
Maximum speed=450m/min@5X5

Font matrix

5X5,7X5,9x7,12X9,16X11,19X14,
24X17,32X22

Character Height

1-12mm,depending on the font

Printing Distance

2mm to 20 mm
Best : 10mm

Inkjet character

English, Arabic numbers, bar code,
serial number, automatic date, use-
defined characters, special logo

Extra memory

SD Card

Memory space

68 messages +50 Logo

Industrial protection

IP55

Nozzle

60 microns

Umbilical length

Super soft, length 3m

Printing direction

360° all-round printing

Cartridge volume

Ink (500ml)
Make-up (750ml)

Temperature/Humidity range

0-45°C
0-95% relative humidity ,
non-condensing

Power

AC100-240V 50/60Hz
60VA

Net weight

17KG

Dimension

410X330X445mm

The Perfect Identification Creator
Lead Tech is a trusted provider of continuous inkjet,
laser coding and carton marking equipment provider.
